

Key skills

Data management • Statistical analysis (R) • Project coordination • Stakeholder engagement • Scientific communication

Wildlife ecologist with demonstrated experience in data management, technical analysis and reporting, and stakeholder engagement across academic, government, and community partners. Skilled in maintaining large ecological datasets and communicating complex scientific information to diverse audiences. Proven project coordination and committee experience, and strong statistical analysis skills in R.

Education

2023 — present

Doctor of Philosophy, University of the Sunshine Coast
Thesis: Impacts of Urban Living on Insectivorous Bats
Anticipated completion: December 2026

2012 — 2016

Bachelor of Arts (Honours Program), Animal Behaviour, Eckerd College, USA

Relevant experience

2023 — present

PhD Researcher, University of the Sunshine Coast, QLD

- Lead a research project examining the effects of urbanisation and roost environments on insectivorous bat health and physiology
- Developed an open-access continental-scale database of Australian bat roost associations and a complementary functional-trait database
- Work with private landholders, non-profit organisations, and state and local government, and communicate findings to stakeholders
- Mentor and assist with supervision and experimental design of six student research projects (three undergraduate, three honours)

2024 — present

Bat Walk Workshop Leader, Moreton Bay Council, QLD

- Organise and lead annual citizen science bat walks and public workshops

2024 — present

Student Scholar, GBatNet Global Union of Bat Diversity Networks

- Participate in international working groups and meetings involving bat researchers, conservation practitioners, and other specialists
- Collaborate on a global review of Data Deficient bat species, including the creation, cleaning, and management of a large citation database
- Contribute to development of globally relevant scientific communication guidelines as part of a Global Bat Communication Guidelines Working Group

2023 — present	Tutor, University of the Sunshine Coast, QLD <i>ANM100 — Animal Ecology Field Course (×3)</i> • Deliver course component on bat acoustics and provide support and instruction for first-year university students on a field course to North Stradbroke Island (Minjerribah) • Demonstrate ecological field techniques (transects, acoustic monitoring, animal identification) across diverse terrains, adapting delivery to varied student abilities <i>ANM103 — Animal Form and Function (×3) ENS222 — Terrestrial Vertebrate Diversity & Ecology (×2)</i> • Instruct university students on laboratory techniques and scientific writing, moderate student discussions, and mark assignments with quick turnarounds • Lead student groups on annual vertebrate identification field trips
2017 — 2023	Outreach Coordinator, Tamborine Mountain Glow Worm Caves, QLD • Liaised with tour and school groups, production companies, and news agencies to deliver tailored wildlife conservation information in a fast-paced environment • Represented the company at academic conferences and in communication with the public and scientific community through emails, reports, and reviews
2019	Volunteer, Southern Cross University Glider Program, Brisbane, QLD • Captured, collected, and recorded data from wild squirrel and sugar glider individuals • Installed and removed Elliot traps at study sites around the Brisbane area
2016	Research Intern, Busch Gardens Animal Research Center, USA • Collected and analysed behavioural, physiological, and parasite data on a range of mammalian and avian species • Coordinated with other researchers to design novel experiments and deliver results from multiple parallel projects to internal and external stakeholders
2015	Research Intern, Savannah State University Dolphin Science Lab, USA • Collected behavioural and environmental data on bottlenose dolphin individuals in the field during weekly surveys, and assisted in database updates and maintenance • After the internship concluded, worked remotely with the lab to complete a study examining injury rates in local dolphin populations

Service roles

2026	Bats in Buildings Working Group Member , NA
2026	UniSC HDR Retreat Organising Committee , NA
2025 — present	Treasurer , UniSC Ecological Society
2020 — 4529	Committee Member , Wildlife Preservation Society of QLD - Scenic Rim
2019 — present	Wildlife Rescuer & Workshop Co-Lead , Bats Queensland

Grants and awards

2025	Data Deficient Bat Working Group Funding (\$21,851), GBatNet Global Union of Bat Diversity Networks Co-investigator
2024 — 4602	Insectivorous Bats in South East Queensland (\$20,720), Holsworth Wildlife Research Endowment Lead Author
2024	Establishing vital roost characteristics to facilitate urban insectivorous bat conservation (\$49,586), WIRES National Research Grant Co-investigator

2023	Radio Transmitters for Insectivorous Bats (\$2,720), Holohil Transmitter Grant Program Lead Author
2023	Bat Roost Identification (\$1,197), Wildlife Acoustics Scientific Product Grant Lead Author
2021	Wildlife Corridors in the Scenic Rim (\$49,000), Landcare Led Bushfire Recovery Grants Lead Author
2020	Educational Workshops and Events for Bat Carers (\$1,950), Logan EnviroGrants Lead Author
2020	ICUs for Bat Carers Capacity Building (\$9,900), Logan EnviroGrants Lead Author

Invited seminars

2026	GBatNet 'My Field for Dummies' Online Series Urban Bat Ecology
2025	University of the Third Age Sunshine Coast Bats in Our Backyards - Get to Know Our Nocturnal Neighbours
2025	UniSC Ecological Society Introduction to Zotero and Scientific Citations
2024	UniSC Ecological Society Ecological Careers Workshop

Presentations and posters

2026	Physiological tools for monitoring urban impacts at the roost level in insectivorous bats Talk — Joint Conference of the Australian Mammal Society and Australasian Bat Society, Australia
2025	Stressed out bats: developing tools to monitor physiological stress in three insectivorous species Talk — Australian and New Zealand Society for Comparative Physiology and Biochemistry Meeting, Australia
2025	Bats Are In The Building: Understanding Anthropogenic Roost Selection Through Habitat Models Talk — Ecological Society of Australia Conference, Australia
2025	The system works: post-release survival of rehabilitated insectivorous bats in Australia Talk — 20th International Bat Research Conference, Australia
2025	No One Size Fits All: Exploring Anthropogenic Roost Selection Across an Urban Gradient in South East Queensland Talk — 20th International Bat Research Conference, Australia
2025	Home is where the bats are: Bats in man-made structures in South East Queensland Talk — Animal Ecology Seminar Series, The University of the Sunshine Coast, Australia
2024	Roosting Ecology of Australian Insectivorous Bats, a Public Dataset Poster — North American Bat Society Conference, Mexico
2024	Roosting Ecology of Australian Insectivorous Bats, a Public Dataset Poster — Australasian Bat Society Conference, Australia, Runner Up Student Poster

- 2024 **From rugs to rocky overhangs: diverse microclimates of natural and anthropogenic bat roosts in South East Queensland**
Talk — 21st Australasian Bat Society Conference, Australia
- 2023 **Working with Bat Landlords to Study the Impacts of Urban Living on Insectivorous Bats in South East Queensland**
Talk — Australian Citizen Science Conference, Australia
- 2020 **The Success of a Wildlife Corridor on Tamborine Mountain and the Value of Landcare**
Talk — Wildlife Preservation Society Scenic Rim Corridors Workshop, Australia
- 2019 **The Scenic Rim and Its Potential Role as an Ethical Wildlife Tourism Destination**
Talk — The Scenic Rim as an Environmentally-Sustainable International Wildlife Destination Workshop, Australia
- 2018 **Can Glow-worm Ecotourism Lead to Increased Conservation Knowledge and Positive Intentions Towards Glow-worms in the Wild?**
Talk — 5th National Wildlife Tourism Australia Conference, Australia
- 2016 **Do Common Bottlenose Dolphins That Interact with Humans Experience Greater Rates of Anthropogenic Injuries?**
Talk — Southeast and Mid-Atlantic Marine Mammal Symposium, USA, Best Undergraduate Oral Presentation
- 2015 **Can Mongoose Lemurs Recognize Individual Humans?**
Poster — 23rd International Conference on Comparative Cognition, USA

Science communication

- 2026 **ABC Sunshine Coast Radio, Wide Bay, Southern Queensland**, Commenting on Noosa Flying Fox Mass Entanglement Event
- 2026 **ABC Sunshine Coast Radio**, Commenting on Annual Influx of Little Red Flying Foxes in the Region
- 2024 **ABC Sunshine Coast, ABC Australia**, [Commenting on Arson Incident on Mooloolah Valley Bat Colony](#).
- 2024 **TalkECO Podcast**, [Microbats, Chicken Nuggets, Stress and Wildlife Rescue!](#)
- 2024 **Sunshine Coast News**, [Study to Help Save Mini Bats That Fly Under the Radar](#)
- 2024 **ABC Sunshine Coast Breakfast Radio**, Research to Save Tiny Bats from Housing Crisis
- 2023 **Cosmos Magazine**, [Little Forest Bats: Earth's Tiniest Heroes \(Australian Mammal of the Year Profile\)](#)

Outreach

- 2026 **Invited Speaker and Exhibit Consultant, Queensland Museum Bat Night Market Exhibit**, World Science Festival Brisbane
- 2026 **Bat Workshop and Echolocation Walk**, Moreton Bay Council
- 2025 **Bats in Buildings on the Sunshine Coast, Maleny Bat Night**, Sunshine Coast Council
- 2025 **Bats in Your Backyard: Crash Course to the Bats of SEQ ('What's Brewing Behind the Dunes' Series)**, Coolum CoastCare
- 2025 **Bats of the Sunshine Coast Workshop and Bat Walk**, Mooloolah River Landcare
- 2024 **Bat Workshop and Spotlighting Walk**, UniSC Ecological Society

2024	Bat Workshop and Echolocation Walk , Moreton Bay Council
2024	Impacts of Urban Living on Insectivorous Bats, Maleny Bat Night , Sunshine Coast Council
2024	Bat Call Walk and Workshop Leader , Springfield Lakes Nature Centre
2024	Bats and Forests: We Need Bats More Than You Think! , Maleny Wood Expo, Maleny, QLD
2024	Bat Call Walk Leader, Microbat Discovery Walk Series , Brisbane Catchments Network
2023	Sunshine Coast Citizen Science Bat Walk , Sunshine Coast BioBlitz

Skills and certifications

- Statistical analysis in R — linear modelling, mixed modelling, and spatial modelling with temporal and spatial autocorrelation (UQ R Course)
- Operate and Maintain 4WD Vehicle (RIIVEH305F)
- Provide Advanced Resuscitation and Oxygen Therapy First Aid (HLTAID015)
- Provide Cardiopulmonary Resuscitation — CPR (HLTAID009)

Referees

Dr Clare Stawski (Primary Supervisor) — Senior Lecturer, University of the Sunshine Coast
